

Children and Screens Parent Support Group

Are you a parent concerned about the impacts of screens, social media, video games and other screen-related behaviors?

This is a no-cost group facilitated by Dorian Evers, M.Ed. who is a member of the clinical team at the Digital Media Treatment & Education Center (DTEC®).

This group provides a space for parents to hear about the current brain science around technology use, learn practical & successful approaches, share resources, information, and experiences with one another.

Who: Parents with children of all ages (0-adult children)

When: Wednesdays, starting on October 23rd

Where: 2299 Pearl Street, Suite 310, Boulder

Time: 6pm-7pm

Cost: No-cost
